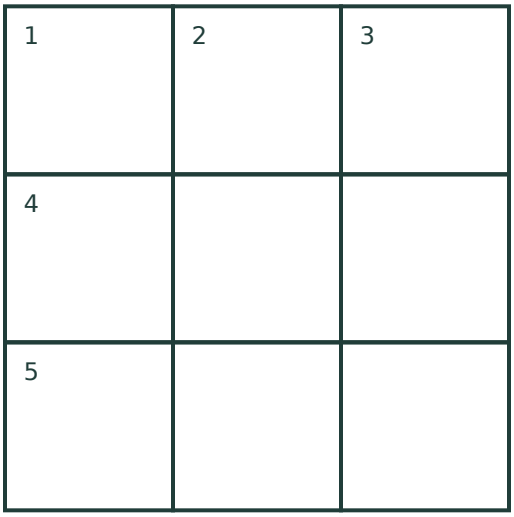
Addition and Subtraction Mini Crossnumber

Six calculations share one nine-box grid.

Solve each clue. Put one digit in each box. Read across left to right and down top to bottom. Check each crossing.

Example: 20 + 4 = 24. Write 2 in the first box, then 4.



Across

1. 180 + 54

Answer: _____

4. 600 - 33

Answer: _____

5. 450 + 441

Answer: _____

Down

1. 300 - 42

Answer: _____

2. 250 + 119

Answer: _____

3. 500 - 29

Answer: _____

When all nine boxes are filled, read every answer in the other direction to check that it still fits.
