Shop Prices: Compare Pence and Pounds

Separate guide. Use with the matching activity page.

Answers and explanation

45p < £0.54

80p = £0.80

95p > £0.59

70p > £0.07

9p < £0.90

60p = £0.60

How to support the activity

Convert decimal pounds to pence before comparing. £0.07 is seven pence. Do not compare the number of digits or treat pounds as pence.
