Diamond Picture: Five-by-Five Nonogram

Use row and column clues to reveal one picture.

Each number tells you how many squares to shade in one unbroken group in that row or column. All other squares stay unshaded. Use every clue.

Worked row: a clue of 3 means one group of three.

	1	3	5	3	1
1					
3					
5					
3					
1					

How many squares did you shade? _____

Check every row and every column before you finish.
