Handwashing Steps Read and Order

Read, order and explain an everyday routine.

The steps are mixed up. Write 1 to 5 in the small boxes to show a useful order from wetting to drying.

☐	Rub palms, backs, between fingers and around nails for 20 seconds.
☐	Dry hands with a clean towel or air dryer.
☐	Wet hands with clean running water.
☐	Rinse away the soap with clean running water.
☐	Add soap.

Say the routine in order.
