Hundreds, Tens and Ones: Build Numbers to 500

Separate guide. Use with the matching activity page.

Answers and explanation

124 = 100 + 20 + 4

230 = 200 + 30 + 0

305 = 300 + 0 + 5

412 = 400 + 10 + 2

241 = 200 + 40 + 1

500 = 500 + 0 + 0

How to support the activity

Zero tens or ones still have a place in the written number. These symbols represent base-ten quantities, not measurements of physical area.
