Metres and Centimetres: The Same Length

Work at your own pace. A separate guide is available.

One metre equals 100 centimetres. Complete each equivalent length. These are unit conversions, not measurements from the page.

1. 1 m 25 cm = _____ cm

2. 2 m 40 cm = _____ cm

3. 3 m 5 cm = _____ cm

4. 4 m 70 cm = _____ cm

5. 2 m 8 cm = _____ cm

6. 5 m 0 cm = _____ cm

Show a calculation for one length.
