Metres and Centimetres: The Same Length

Separate guide. Use with the matching activity page.

Answers and explanation

1 m 25 cm = 125 cm

2 m 40 cm = 240 cm

3 m 5 cm = 305 cm

4 m 70 cm = 470 cm

2 m 8 cm = 208 cm

5 m 0 cm = 500 cm

How to support the activity

Multiply whole metres by 100 and add the remaining centimetres. A leading zero is not needed in a centimetre quantity: 3 m 5 cm = 305 cm.
