Nia carried three seed pots to the classroom window. A loose label lay on the table. It said PEA. Two pots already had labels: BEAN and CRESS. Nia did not guess. She checked her drawing from planting day. It showed a pea seed in the blue pot. Nia put the loose label beside that pot, then asked her teacher to help attach it. Before leaving, she turned the pots so their leaves faced the light.

1. How many seed pots did Nia carry?

2. Which two labels were already on pots?

3. Which pot held the pea seed?

4. Why did Nia check her drawing?

5. Who did Nia ask for help?

6. Put in order: asked for help; checked the drawing; found the loose label.
