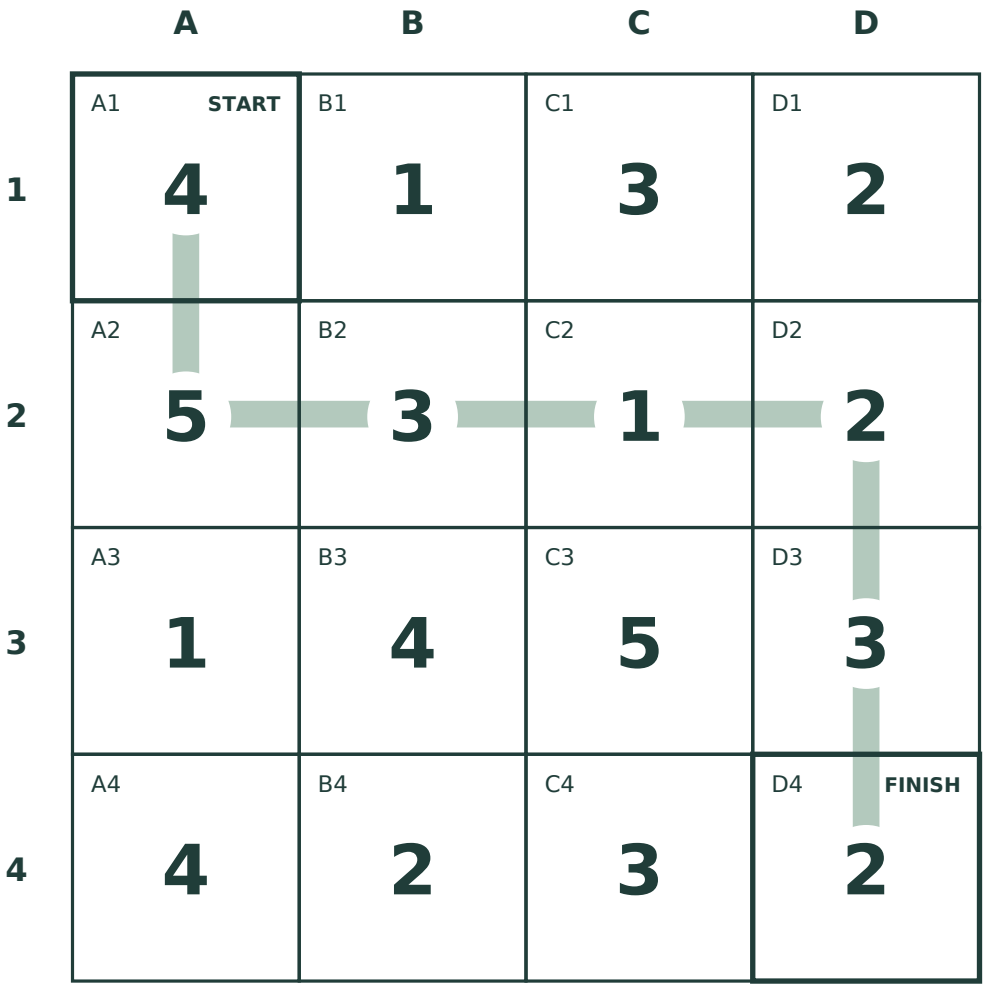
Number Trail: A Total of Twenty

The marked route gives a total of exactly twenty.

1. Start in A1. Finish in D4.
2. Each move is one box right or one box down. No diagonals.
3. Add every number you visit, including the start and finish.
4. Your seven numbers must total exactly 20.

→ ↓ Right or down: one box at a time.



Route: A1, A2, B2, C2, D2, D3, D4

4 + 5 + 3 + 1 + 2 + 3 + 2 = 20

Count both A1 and D4. Every move stays in the grid and goes right or down.
