Odd and Even Number Pairing

Pair the number, classify it and notice the leftover.

Make pairs with counters or small marks. Write odd or even, then write how many are left without a partner.

Number	Odd or even?	Left over
7	_____	___
12	_____	___
19	_____	___
24	_____	___
31	_____	___
46	_____	___
50	_____	___
53	_____	___

Finish the rule.

Even numbers have _____ left over. Odd numbers have _____ left over.
