Pack the Picnic: A Picture Grid Puzzle

Answer guide: every item has one place.

Use each item once. The apple and ball are already packed.

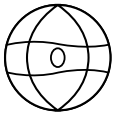
apple

carrot

sandwich

bottle

napnapkin



ball

	A	B	C
1	A1  **apple**	B1  **carrot**	C1  **sandwich**
2	A2  **bottle**	B2  **napkin**	C2  **ball**

Check the four clues against the completed grid.

1. The bottle is directly below the apple.
2. The carrot is in the same row as the apple.
3. The sandwich is directly above the ball.
4. The napkin is in the middle column, B.

How the clues work

The bottle goes below the apple, in A2. The sandwich goes above the ball, in C1. The carrot needs row 1, so it takes B1. The napkin takes the last space in column B: B2.

Rows go across. Columns go down. You may draw or write the item names.
