The Seed Surprise

Read a growing story. Find the answers in the words.

Name: _____

Read together

Lena found a dry bean in the kitchen. She put it in a pot of soil by the window. Her brother Max wrote BEAN on a card and set it beside the pot.

Each morning, Lena checked the soil. When it felt dry, she added a little water. For three days, the pot looked the same.

On the fourth morning, a green shoot pushed up. Max fetched his ruler. “It is only two centimetres tall!” he said.

“It is small now,” said Lena, “but it has made a start.” They drew the shoot in a notebook. Then they left space for tomorrow’s picture.

Find the facts. Look back at the story.

1. Where did Lena put the pot?

_____

2. Who wrote BEAN on the card?

_____

3. How tall was the shoot?

_____

Read together if needed. This story is not a fully decodable phonics text.

The Seed Surprise

Put the events in order. Then imagine what might happen next.

Turn back to the story whenever you need it.

1. Number the events from 1 to 4.

- ☐ A. A green shoot appeared.
- ☐ B. Lena put the bean in soil.
- ☐ C. They drew the shoot in a notebook.
- ☐ D. Lena checked the soil each morning.

2. Find one more fact.

What did Max fetch?

3. What could happen next?

Draw your idea. Tell an adult how the shoot might change.

Talk about your drawing. There is more than one sensible idea for what could happen next.
