Sentences: Capital Letters and Full Stops

Adult guide: the words stay the same; repair the capital letters and full stops.

1. Write each statement correctly.

1. The hen is in the pen.

2. A fox sits on a log.

3. The cat can nap.

2. Circle the correct sentence.

1. A: The sun is up.

2. B: The dog can run.

3. Repair the garden message.

The seed is in the pot.

A green shoot pops up.

Keep each given statement as one sentence. Look for the initial capital, spaces between words and a full stop. The task specifies full stops because these are simple statements; it does not assess expressive punctuation or joined sentences.

Accept a handwritten capital with the correct letter form. Read the sentences together first.
