Shop Change from 20p

Count on from the price to the amount paid.

You pay 20p each time. Find the change, then check that the price and change add to 20p.

Try it together: the price is 8p.

8p + 2p = 10p. 10p + 10p = 20p.

The change is 12p. Check: 8p + 12p = 20p.
