Two-Digit Subtraction: Tens and Ones

Separate guide. Use with the matching activity page.

Answers and explanation

57 - 23 = 34

86 - 41 = 45

69 - 35 = 34

78 - 26 = 52

94 - 52 = 42

65 - 34 = 31

How to support the activity

Every top ones digit is at least the lower ones digit. No exchanging is required. Check by adding the answer to the subtracted number.
