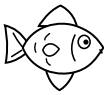
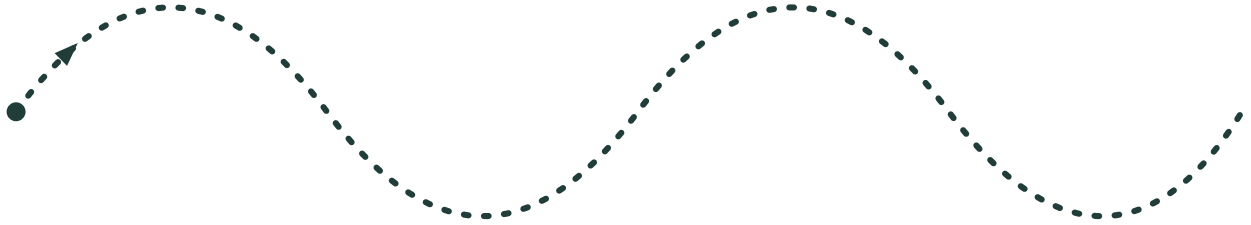
Waves and Zigzags: Trace, Then Try

Trace each movement, then try it without the dotted guide.

1. Rolling waves



Start on the dot. Keep the wave moving.



Now try the same movement in the empty lane.

2. Pointed zigzags

Turn at each point. Keep the corners sharp.

Now try the same movement in the empty lane.

Choose a movement, or mix the two. Make a short pattern here:

These are pencil movements, rather than a particular letter-formation method.
